Date: 25/6/2025

To Whom It May Concern:

I am pleased to write this letter of recommendation for **Mr. Hassan Yousef Mosleh Alhussaini (4201231)**, who was a student in my **COE332 Computer Networks** course during the Spring 2024 semester, and a member of a graduation project where I was a supervisor during the 2024-2025 academic year. **Mr. Alhussaini** demonstrated exceptional academic performance, earning an **A+** in the course, and showcased remarkable dedication and skill in both coursework and the course project.

Throughout the semester, **Mr. Alhussaini** consistently exhibited a strong grasp of complex networking and data communication concepts, actively engaging in discussions and demonstrating critical thinking in problem-solving. His hard work, analytical mindset, and commitment to excellence were particularly evident in the course project, where he applied theoretical knowledge to practical scenarios with great precision.

In addition to his outstanding performance in class, **Mr. Alhussaini** excelled in his **graduation project**, which focused on **developing a drone-based system to locate missing people in rural areas**. He played a pivotal role in leading the team, effectively coordinating tasks and ensuring the high quality of deliverables. His leadership skills, technical proficiency, and ability to work under pressure contributed significantly to the success of the project. The final outcome was not only technically sound but also socially impactful, addressing a real-world humanitarian need.

I have no doubt that **Mr. Alhussaini** will continue to excel in his future pursuits. I highly recommend him for the graduate studies program at your institution without hesitation. Please feel free to contact me if you require any further information.

Sincerely,

Dr. Abdulhakim Mansour Sabr

Assistant Professor

Department of CyberSecurity

College of Computer Science and Engineering

Taibah University, Saudi Arabia
