Recommendation Letter

June, 25th 2025

I became acquainted with **Mr. Hassan Yousef Mosleh Alhussaini** during his studies. I was his academic advisor for some time, and I was the instructor for his Operating Systems Course (CS323). His performance was excellent, both on the course and on other courses too. He is serious, ambitious, and competent. Therefore, I believe he is strongly capable of successfully pursuing further graduate studies.

Sincerely,

Omar H. Alhazmi, Ph.D.
Professor
College of Computer Science
